47th Annual Sports Night

Over 900 people descended upon The Viscardi Center for its Annual Sports Night in May. The benefit is by far one of the most sought after events in the Long Island social circuit. It allows attendees to rub shoulders with sports greats while raising funds for The Viscardi Center. The Viscardi Center's mission is to transform the lives of people with disabilities. This year's event raised \$1.1 million to aid in the continuing work of the center.
